Welcome

Thank you for your interest in Access Recognised Training’s Recognition of Prior Learning (RPL) program for Hospitality Industry professionals and educators.

By choosing to apply for RPL with us you will be undertaking one of the most up-to-date industry relevant recognition programs available.

What is RPL?

RPL is the process by which your existing skills, knowledge and experience gained throughout your life, regardless of how they have been acquired, are recognised towards the achievement of a nationally recognised qualification or statement of attainment.

Together we work through a process of gathering and assessing the skills and knowledge you have acquired throughout your career to date.

What are you assessed against?

Every qualification is made up of a number of skill areas and these are referred to as Units of Competency. Units of competency are statements that describe what industry expects a person to be able to do in their workplace. This includes the required skills and knowledge and the equipment and tools you need to complete a job.

You will also be required to upload identification documents and all documents submitted must be certified. This guide will walk you through the requirements and procedures such as certification, so keep it handy.

The RPL Process

We have developed a user friendly two-stage process for RPL. Stage 1 is ‘Initial Assessment’ and Stage 2 is ‘Final Assessment’.
Stage 1 – Initial Assessment

Stage 1 is broken down into eight (8) parts:

Part 1. Completing the Unit of Competency RPL Nomination Form
Part 2. Gather Supporting Evidence
Part 3. Gather Identification Documents
Part 4. Certify Documents
Part 5. Complete Candidate Declaration
Part 6. Pay Initial Assessment Application fee
Part 7. Upload all RPL Documents
Part 8. Assessor Review.

Please note: No payment is required to undertake Parts 1-5.

What next?

Your first task will be to select the units of competency you wish to seek recognition for. The following information describes this process in detail.
Part 1. Unit of Competency RPL Nomination Form

You must now identify which units of competency for which you wish to apply for RPL.

The Access Recognised Training Unit of Competency Explanation Guide describes in detail the contents of each unit of competency so you can match these against your current skills, knowledge and experience.

Follow these steps to complete Part 1 of your RPL application:

1. Download the Unit of Competency EXPLANATION GUIDE (link below)
2. Download the NOMINATION FORM for the qualification you seek by clicking on the applicable link below
3. Match your current skills, knowledge and experience with the units of competency you would like to apply for RPL.
4. Nominate the units of competency you wish to apply for RPL by completing the Unit of Competency RPL Nomination Form.
5. Save your completed nomination form, later you will be required to upload it for Assessor review via Access Recognised Training’s Online Portal.

What next?

Having selected the units of competency, your next step is to consider and gather all the evidence you can in support of your application for RPL. The following information describes this process in detail.
Part 2. Supporting Evidence

The process of gathering, certifying and uploading evidence in support of your RPL application is important to understand. The easiest way for you to ensure that you submit appropriate supporting evidence and maximise your ability to receive RPL, is to follow Table 2.1 and the Additional Information section.

Evidence allows the Assessor to make an informed judgment on your ability to fulfil the requirements of the Certificate III in Commercial Cookery qualification. The more evidence you can provide of your skills and knowledge, the easier it is for an assessor to make a decision.

Follow these steps to complete Part 2 of your RPL application:

Step 1. Gather all evidence in support of your application for RPL

Step 2. Have each piece of evidence certified*

Step 3. Scan and save your completed certified evidence.

*The process of certifying your evidence is explained in Part 4.

Table 2.1 describes the forms of evidence that can be used to support your RPL application. Some additional information regarding each form of evidence is also provided after the table.

Excluding the proof of employment evidence, which is a compulsory, you may select to use any or all of the forms of evidence outlined in the table. You must decide on what forms of evidence are most appropriate to you relative to your specific work and life experiences. When selecting what forms of evidence to use, it is also important to consider the weight that has been given to that form of evidence.

Your objective is to establish the strongest case for RPL as possible, therefore the amount and strength of your evidence is important when establishing a strong case for RPL.

What next?

The Assessor will now review all your RPL documents. The following information describes this process in detail.
Part 8. Assessor Review

Once ALL your documents have been uploaded a qualified Assessor will review all the documentation you have uploaded and advise you of the Stage 1 outcome within 10 working days.

There are two possible outcomes:

- **Assessor Requires Further Evidence**
- **Eligible for Stage 2**

You will be eligible to move to Stage 2, or you will be required to provide further evidence to support your application.

Further evidence requests must be supplied within 28 days of the request, or the file will be closed and no result issued. Subsequent applications must be lodged in full and paid for again.

What next?

If you are successful in Stage 1 you are now eligible to proceed to Stage 2. The following information describes this process in detail.
Stage 2 – Final Assessment

The final assessment stage involves you completing a one-on-one Technical Interview with an assessor (qualified in your trade), who will ask you a series of questions designed to find out your industry knowledge and application of your trade skills.

For example, you may be asked to outline your work experience in the trade, describe the steps in completing a particular job, or explain what you would do if you were faced with a problem or a difficult circumstance in a job.

Stage 2 is broken down into six (S) parts:

Part 1. Pay Final Assessment Fee

Part 2. Book and undertake the Technical Interview

Part 3. Advising of Technical Interview Results

Part 4. Issuing of Qualification or Statement of Attainment

Part 5. Reassessments, Appeals, Feedback & Complaints

Part 1. Pay Final Assessment Fee

You will be invoiced the final assessment fee based on the number of units of competency you have chosen to proceed to stage 2 of the RPL process. You can pay this fee in full or choose the payment plan option (refer to ‘Payment Plan’ on page 16).

Part 2. Book and undertake Technical Interview

Your Technical Interview is the main component of the final assessment stage of the RPL process. You will be assessed against skill areas that industry in Australia has decided are essential to work in this trade.

The Technical Interview questions are based on the required skills and knowledge from the Unit of Competency Explanation Guide.
How does the Technical Interview work?

The Technical Interview is held online via Skype. The interview will include the use of PowerPoint slides, so you will be able to see as well as hear the questions that you will be asked.

You will be asked questions to demonstrate or prove you are competent in a number of these units of competency. This process is thorough and extensive but not intimidating, the Assessor is simply seeking to find out your knowledge and skills in these areas.

How long does the interview take?

The technical interview will take approximately two hours and is recorded and kept on file.

Where will my interview be held?

The technical interview will be conducted online. The interview is strictly ‘closed book’, this means that no resource materials are to be used during the technical interview.

What will I need for the interview?

You will need photo identification (ID). At the start of the interview the Assessor will ask you to hold your ID in front of the camera to verify and confirm your identity.

You will also require access to an internet connected computer or laptop with suitable hardware/software installed (refer below).

What computer hardware/software will I need?

You will require the following:

- PC or laptop
- Speakers or headphones
- Microphone
- Internet connection
- Webcam
What if I don’t have access to these resources?

If you live in the ACT you are welcome to attend the Access Recognised Training’s Canberra office located at the National Press Club Barton, if you live in Victoria you can attend the Access Recognised Training partner facility in Melbourne. This can be arranged with your Assessor.

What are the rules related to the technical interview?

**Rule 1.** You cannot refer to any reference materials including written notes, textbooks, and instruction manuals or the Internet during the interview.

**Rule 2.** You must switch off all communicating and recording devices other than the devices used to perform the technical interview including mobile phones, laptops, pagers, palm pilots and MP3 players.

**Rule 3.** You must not have a pen, pencil or paper with you in the interview room.

**Rule 4.** You must not remove or copy any materials related to the technical interview from the interview room.

**Rule 5.** The assessor may terminate the technical interview during the assessment event if you:

i. Become extremely distressed or disturbed

ii. Appear ill or physically unwell

iii. Become angry or violent

iv. Arrive at the assessment venue in an abnormal state, such as being intoxicated or drugged

v. The assessor suspects you are breaching the conditions of the interview.
Part 3. Technical Interview Results

Assessors cannot provide you with the results of your assessment on the day. The technical interview only forms part of the assessment process. You will be notified of your assessment outcome via e-mail within ten working days.

Part 4. Issuing of Qualification or Statement of Attainment

Successful candidates
If you successfully complete the technical interview, you will receive an Australian qualification (Certificate III) in Commercial Cookery. A Certificate III qualification is recognised as a trade qualification in Australia.

Unsuccessful candidates
If you are unsuccessful in your technical interview, you will receive a Statement of Attainment that lists the competencies you have successfully achieved. You can build on this to complete a qualification.

Part 5. Reassessment, Appeals, Grievances, Feedback & Complaints

Reassessment

Reassessment against the same qualification is offered within 12 months of the first assessment being completed. There are a number of ways that you can be reassessed. These include verification of on the job training or undertaking gap training.

A reassessment fee will apply when submitting an application for reassessment.

Appeals

All learners have the right to appeal assessment outcomes. Appeals can be either verbal or written and should be lodged with the assessor within 7 days of notification of the assessment outcome. In the first instance the assessor discusses the appeal grievance and allows for re-assessment (fees apply). The appeal is recorded in writing on a Request for Improvement (RFI) by the assessor.

If the learner is not satisfied with the action and decision taken by the assessor, then the appeal may be placed with a Senior Account Manager. The learner may be re-assessed by a second assessor and this re-assessment outcome is recorded in writing. If the learner feels the appeals process was unsatisfactory then the grievance resolution process will be instigated. All assessment appeal
decisions will be provided to the applicant in writing with the inclusion of the reason for the decision.

You can appeal a RPL Assessor decision on the following grounds:

1) the judgment was not made in accordance with the Recognition of Prior Learning (RPL) - Candidate Guide

2) the Access Recognised Training competency assessment process was not followed

3) you believe that you were unfairly treated or discriminated against

Grievance Resolution Process

Step 1  Person raises the grievance matter with immediate Assessor.
If dispute is with Assessor, refer to Step 2;

Step 2  If unresolved with the Assessor, refer to a Senior Account Manager;

Step 3  If unresolved, the parties are to refer the matter to the Managing Director;

Step 4  If unresolved, you may contact the State or Registering body or the National Training Complaints Hotline: Ph: 1800 000 674.

Feedback & Complaints

ART actively seeks staff and client feedback and regularly undertakes evaluations of all course/qualifications and activities to achieve continuous improvement. We monitor compliance with VQF standards, our policies and procedures and general satisfaction of our clients through the use of evaluations at the commencement and/or completion of courses/ qualifications/ Australian Apprenticeships. Learners/clients are encouraged to not only complete the formal evaluations forms but also to provide any verbal or written feedback at any time. Any grievances or deficiencies are documented on a Request For Improvement form to ensure appropriate follow up action is taken by management.
